Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

1. Applicant's amendment filed on 12/23/02 (Paper No. 13/C) has been entered.

In response to applicant's amendment, the art rejections have been withdrawn.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Claims 1-2, 5-11, 14-31 are allowed.

Regarding independent claims 1, 8-10, 17-18, the prior art on record fails to teach or suggest, alone or in combination, for an image processing comprising, among other things, a rendering means for performing an action of applying a stipulated pixel-unit operation to the source image data stored in the first storage means and rendering the data as destination image data in the second storage means in units of polygons repeatedly until a stipulated arithmetic result is obtained, and the specification means specifies as the operation mode either a first mode wherein the source image data is added to the destination image data, or a second mode wherein the source image data is subtracted from the destination image data.

Regarding independent claims 19 and 26-27, the prior art on record fails to teach or suggest, alone or in combination, for an image processing comprising, among other things, a first rendering step wherein one portion of the operations among some stipulated pixel-unit operations

Art Unit: 2625

are performed on the source image data stored in the first storage means and the data is rendered as destination image data in the second storage means in units of polygons, and a second rendering step wherein another portion of the operations among some stipulated pixel-unit operations are performed on the source image data stored in the first storage means, this data is added to or subtracted from the image data already rendered in the first rendering step and the data is rendered as destination image data in the second storage means in units of polygons.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
